

Interpreter Education

Associate in Applied Science Degree

This program provides a solid foundation of the theory and skill sets required for Sign Language Interpreters, develops a strong foundation for students who choose to transfer to bachelor's programs in Interpreter Education, and begins the critical preparation required for practitioners seeking to sit for National Level Certification Exams.

The program is founded on best practice for sign language interpreters and provides a template for application of skills in a variety of settings.

Completion of this program will provide comprehensive knowledge and practice for students desiring to continue their education in this field.
