

Emergency Medical Services/Paramedic

Associate in Applied Science Degree

This program is a partnership between MVCC and Mohawk Valley Health System. It is for individuals who are certified Emergency Medical Technicians. It provides the education and hands-on training necessary to function in and out of the hospital setting as an Emergency Paramedic. The paramedic course of study consists of academic and clinical instruction provided by Mohawk Valley Health System. The student is required to take an additional academic coursework at MVCC leading to the AAS degree.

This program supplements the basic EMT certificate by providing an opportunity for students to pursue their AAS degree. This program is ideal for firefighters, ambulance attendants, and law enforcement personnel. The basic EMT course leading to certification can be obtained at Mohawk Valley Health System.

Total Credit Hours: 63

First Semester
